NEXT DOOR TO UNION BANK

## Crosland-MacMillan

One of the prettiest weddings of the season was solemnized on March 25th, at the home of Mr. and Mrs. W. B. Compton, Hiltburst, when Miss Penelope Jean MacMillan and Mr. Robert P. Crosland were united in the holy bonds of matrimony by the Rev. W. A. Smith.

The bride who was given away by her brother, Robert S. MacMillan, looked charming in a nigger-brown broadcloth suit beautifully embroidered in gold, with a picture hat of henna and corsage bouquet of Ophelia Roses and Lily of the Valley.

Little Miss Dorothy MacMillan, niece of the bride, made a cunning flower girl, wearing a hand embroidered dress and carried a basket of Daffodils and Maiden Hair Fern.

After the ceremony a dainty reception supper was served. The brides table was decorated with Smilax and Easter chicks, while in the centre was a huge wedding cake beautifully decorated by Mrs. Compton. The rooms were gaily decked with ferns, easter lilies and daffodils. The guests included, Mrs. R. Taylorson, Rev. W. A. Smith, Mr. and Mrs. W. B. Compton, Mr. and Mrs. R. S. MacMillan, Mr. and Mrs. Geo. H. Wright, Mr. and Mrs. E. McNeil, Mr. and Mrs. W. O. Zimmerman, of Didsbury, Mr. and Mrs. R. C. MacMillan, Mr. and Mrs. H. P. Watt, Mrs. Rowatt, Misses Dorothy MacMillan, E. McMillan, H. MacMillan, C. Smith, M. McMillan, E. Hope, M. Taylorson, Messrs. C. MacMillan, H. Lewis, and G. Taylorson.

After a short honeymoon the happy couple will reside in Didsbury where the groom is engaged in business.

It is stated that Bob spent his honeymoon in Midnapore but we don't believe it.

## Farewell, Presentation

At the meeting of the Cassandra Rebekah Lodge held last Wednesday evening, March 23rd, a goodly number of its members assembled to pay a parting tribute to Sister Margaret Howe, before her departure for Washington, U. S. A.

During the course of the evening Sister Howe was the surprised but proud recipient of a beautiful Rebekah Past Grand Jewel, accompanied by a choice address presented by Sister Houghton. Sister Howe responded in a few heartfelt words of appreciation.

After the close of the meeting many other friends of Sister Howe put in an appearance, and helped add to the general entertainment of the evening which was spent in dancing and cards, and recitations by Bro. Phillipson.

Our regret at Sister Howe's departure is all the greater since she has been such a faithful, reliable and enthusiastic member and it was unanimously declared that her going would thrust us into a temporary chaos. However we sincerely wish her Godspeed in her new home, and only hope that her future Sisters and friends will find her as indispensable as we have found her.

**LOST**—Navy and red travelling bag, with Hipsin worked in corner. Finder please return to Pioneer office. 1p13

## CHILDREN'S CORNER

The Children of Today are the  
Parents and Citizens of To-  
morrow. In Years to Come  
the Destiny of Canada  
Will be in Their Hands

My dear Boys and Girls:

I am printing two letters from my correspondents this week, as I am sure you are each interested in the writings of each other and it gives you a very good idea of what you are all doing from day to day to read these letters.

We have quite a number of Club members now, don't you think? And it seems to me that it would be possible to arrange some kind of a competition very soon in which each member may take part. Perhaps a puzzle guessing competition would be a good idea? I wonder what you think about it. However, in another couple of weeks I will announce what the next competition is to be.

I suppose you are each one looking forward to the Easter holidays; easter eggs, little fluffy chickens and the other good things which go to make up a boy's and girl's idea of Easter tide. Well, I am going to try and make our page for Easter a good one. Easter page, tell you

has on that only to make them look pretty; as well as tell you other things in connection with the season. I do hope you will look forward to your page and read it very carefully when it comes out. You see, boys and girls, this is your page and I want you to remember that it is your interest and help which makes it a good page. If you have anything you would like to see on it, any stories you would like me to print, any specially interesting things which you have learned to do and about which you would like to tell, or the other boys and girls, do not forget that you have a whole page in your paper in which you may tell it.

I am still taking down the birthdays and have sent several cards away. If you have not yet sent in the date of your birthday do not forget to do so, as I am anxious to have them all.

With much love, hoping to have many letters from you soon.

Affectionately,

AUNT BETTY.

Address your letters "Aunt Betty," 603 McCallum-Hill Bldg., Regina, Sask.

## THE KING OF THE GOLDEN RIVER

South West Wind Esquire was as good as his word. He entered the Treasure Valley no more; and what was worse he had so much influence with his relations, the West Winds in general, and used it so effectively that they all adopted a similar line of conduct.

So no rain fell in the valley from one year's end to the other. Though everything remained green and flourishing in the plains below, the inheritance of the three brothers was a desert. All their money was gone and they had nothing left but some curious old fashioned pieces of gold plates.

"Suppose we turn goldsmiths?" said Schwartz to Hans. "It is a good knave's trade. We can put a great deal of copper into the gold without anyone finding it out."

The thought was agreed to be a very good one; they hired a furnace and turned goldsmiths. But two slight circumstances af-

fected their trade—the first that people did not approve the coppered gold; the second, that the two elder brothers, whenever the sold anything, used to leave little Gluck to mind the furnace and go and drink out the money in the ale house next door.

So they melted all their gold without making money enough to buy more and were at last reduced to one large drinking mug which an uncle had given to little Gluck, and of which he was very fond and would not have parted with for the world, though he never drank anything out of it but milk and water. The mug was a very old mug to look at. The handle was formed of two wreaths of flowing golden hair, so finely spun that it looked more like silk than metal; and these wreaths descended into and mixed with a beard and whiskers of the same exquisite workmanship, which untrimmed and decorated a very fierce little face of the reddest gold imaginable right in the front of the mug, with a pair of eyes in it which seemed to command its whole circumference. When it came to the mug's turn to be made into spoons, it half broke poor little Gluck's heart; but the brothers only laughed at him, tossed the mug into the melting pot and staggered out to the ale house, leaving him to pour the gold into bars when it was all ready.

(To be continued)

## LETTERS TO AUNT BETTY

Box 125 Hazenmore, Sask., February 18th, 1921.

Dear Aunt Betty:  
We only just started taking the Aneroid Magnet about a week ago, but I have been reading the "Children's Page" ever since. I am going to send my birthday date in, it is on the 3rd of September. I will be 16 my next birthday.

Don't you think it would be nice to have a name for our page? I think it would.

I go to school with my sister and two brothers, but we have to stay at home for quite a while now, as we have had small pox. I shall be so glad to get back to school again.

I am very fond of crochet work, also embroidery and hem-stitching.

Well, I must close now as my letter is getting too long.

With best wishes,

MOLLY MAYO

Stony Plain, Alta.,

March 7th, 1921.

Dear Aunt Betty:

I thought I would join your Club. I see there has not been any one from Stony Plain writing so I thought I would write. I think it is a very good paper. I go to Sunday School at 2 p.m. There is a con. No. 52 here. We have five teachers on the staff. My teacher's name is Miss Trimble. I am in grade six and think I will be a teacher when I get big. I will tell you about my pet if it is not to late. Who got the prize, or haven't you given it yet?

"My Pet Jerry"  
We got our cat when he was a wee kitty. His name is Jerry Kewas Donaldson. When the first snow came he did not want to go out as he was afraid of it. When he is hungry he goes and sits down by his dish. We hold little bits of meat and he begs like a dog. One night a mother cat fought him and the next morning he couldn't walk. He was a year old last July. My birthday is Jan. the 7th.

Your loving friend,  
QUEENIE DONALDSON,  
(Age 12)  
Stony Plain, Alta.

## Great Re-union of 195th Battalion to be in Regina

**March 22nd**

Elaborate arrangements are being made for a re-union of the members of the 195th Battalion, to take place at the Veteran Block on March 22nd at 8 p.m. Those in charge of the re-union hope that all members of the battalion will endeavour to be present, and they also desire that as many of the relatives of deceased members as possible will also come. A nominal charge is made for members and they will be entitled to bring a lady or a friend. There will be no charge made for relatives of deceased members.

It is intended that this shall be a real gathering of old comrades and their friends—of the household as it were—and there will be many an old battle fought over again and many an experience exchanged.

The 195th Battalion was essentially the City of Regina battalion, having been the only unit that was recruited entirely in the city. They carried the crest and colours of Regina.

It was recruited by Colonel Garner, who, after returning from overseas, opened offices in Regina on Feb. 9th, 1916. At that time most of the men who were military in their association and experience, had gone to the war and the recruits who were then available for enlistment were those young men who felt that it was their duty to assume the burdens of their citizenship.

By June 7th there were 1,100 men mobilized and under training and on November 10th, 1916, the battalion arrived in England. The battalion, equal in training and discipline to any which up to that date had arrived in England. After arrival overseas the battalion was broken up as reinforcement for Saskatchewan battalions which had been decimated owing to the severe fighting which prevailed at that time.

Out of 31 officers 28 got to France and held their rank, and of that number there were 17 casualties, 8 being killed. Of a total of 800 rank and file there were 503 casualties and 160 killed.

Particular significance is attached to this re-union not only on account of the endeavours which are being made to have it a real family gathering, but owing to the fact that the 195th were peculiarly associated with the City of Regina, and that between four and five hundred men were actually taken on in the Saskatchewan capital.

## COULDN'T BE PRINCE WITHOUT A BAND

Heir to the Throne Meets His  
Frankest Little Subject  
at a Hospital

The Prince of Wales met the frankest little subject in the Empire when he visited the Victoria Hospital for Children, Chelsea, of which he is president.

He was conducted by Princess Louise to the cot of Reggie McKenna, aged 5, blue eyed and flaxen haired.

Taking from Reggie a top battleship he was sailing on his lap, the Prince began:

"Well, little man, is this the Queen Elizabeth?"

"No, it isn't," said Reggie with slight scorn. "Tain't big enough."

"You had a dream about the Prince of Wales, didn't you, Reggie?" asked Princess Louise.

"Oh, yes!" he cried delightedly. "I dreamt he came to breakfast with me. If he had come this morning he would have had cold ham. I had cold ham—it's nice," he confided.

"Well, don't you recognize the Buy your out-of-town supplies with Dominion Express Money Orders. Five Dollars costs three cents.

Prince here now?" pursued the Princess.

"No, I don't," returned Reggie flatly. "He ain't the Prince."

"I think I am," laughed the Prince, bending over the cot.

"He can you be the Prince?" umphantly. "There ain't no band with you!"

The Prince roared with laughter. Princess Louise brought a handkerchief to her eyes and Reggie chuckled secretly for a space, and then—

"I say," he whispered to the Prince, "I had turkey for dinner at Christmas. And," he added darkly, "I've still got it here in my tummy."

As he was passing on to the next ward the Prince called out to Reggie:

"Goodbye, Reggie—take care of the turkey!"

"Goodbye," returned Reggie, in a tone of complete familiarity.

## HOW TO MAKE CHRYSAN- THEMUMS

Take a piece of yellow tissue paper 40 inches long and 5 inches wide; fold it in half lengthways— that is to make a double strip 40 inches long and 2½ inches wide; then with a pair of scissors cut a fringe about 1¼ inches deep right along the strip, beginning

from the folded side, not the outside edges. Hold the paper in the left hand, and with the right hand take the end of the paper and wind round and round as explained above. For the stalk take a strip of green crepe paper, 7 or 8 inches long and half an inch wide, and a piece of wire 4½ inches in length. Cover the wire with the green, holding the paper in a slanting direction in the left hand and gradually turning the wire with the right hand until covered. Double up one end of the stalk for an eighth of an inch and fasten the other end of the flower head, and the flower is complete.

## GEN. BOOTH'S COFFIN

General Booth, who visited Toronto some weeks ago, has always been original. He it was who invented coffin preaching. He had a coffin made to fit him, and, wrapped in a shroud, stood in it, and preached from the text, "Prepare to meet thy God."

He held meetings outside every theatre and music-hall when people were paying for admission, until the police stopped him; he paraded the streets in sackcloth, literally weeping for the sins of the world.

He is the eldest son of the founder of the Salvation Army, and was only twelve when he preached his first sermon. General Booth is 65 years of age, was married when he was 26, and has two sons and four daughters.

## Speaker to Make Presentation

The Canadian Association Press has been given to understand that the Rt. Hon. J. W. Lethbride, speaker of the British House of Commons, hopes to proceed to Canada about the middle of May to formally present the new chair which has been given to the Canadian people as the Speaker in the Parliament Buildings at Ottawa, by members of the United Kingdom branch of the Empire Parliamentary Association. The chair is now on view at Westminster. It is a replica of the Speaker's chair here. This is the third gift of a similar nature which has been sent from England to Ottawa. The Lords and Commons made a joint gift of a new black rod, and Sir Charles Wakefield, when Lord Mayor of London, and his sheriffs, Sir George Toth and Sir Samuel Head, gave a new mace.

## French Try to Influence President

It was stated at the foreign office recently that negotiations were under way between the French embassy in Washington and the United States Department in an effort to induce President Harding to favor acceptance of a modified League of Nations.

## Widow Awarded Damages

\$80,000 damages against the Canadian Pacific Railway have been awarded to the widow of the late Dr. Chambers of Calgary, killed in the Canadian Pacific Railway wreck at North Bay last year, by the Appellate Court of Alberta. The widow had sued for \$150,000 and the railway offered \$30,000.

## Beaten by Wife

Judge Sabath of Chicago, granted Lee Backer a divorce after he testified that his wife, by beating him, during their seven years of marriage, had reduced him from 210 to 140.

## Sale of Furs Bring \$50,000

More than \$50,000 was realized from some 162 lots of fur that were offered for sale at the first auction held in Winnipeg recently. The sale was under the auspices of the Winnipeg Fur Auction Sales Company, recently organized by a group of Winnipeg business men for the purpose of establishing that city as a fur trading centre. For the first venture of this nature to be held in Winnipeg, the affair is described by those with authority to speak, as a great success.

## Then the Fun Began

## BETTER TRACTOR VALUE

Rumely Oil Pull represents the best value in the Tractor field today because:

- It burns kerosene always, early and late, at all loads, in all weather;
- It uses less gallons of kerosene than most other engines use of gasoline;
- It is oil-cooled; no frozen jackets, no leaky radiators, no overheating;
- It is the smoothest running, easiest handled engine at either belt or drawbar work, and more important than all else, it will be a good engine when competitive engines are rusting away in the scrap heap.

The first Oil Pull ever built is still on the job after eleven years of service. Its total repair account to date is about \$200, less than many an inferior tractor's upkeep for a single season.

Rumely Oil Pull Will Serve You Better

## Stevens' Service Shop

WEDNESDAY, MARCH 29, 1921.

By her school of Agriculture, policy Alberta has taken the lead, if not positively in agricultural education, at least in definite and specific instruction for the young in the requisites of farming as a vocation. No province has suggested the subject, but none has gone more directly to its root, and by its creation of six schools of agriculture the province has attracted enviable attention to itself. By means of these schools nearly a thousand young people have been equipped for their life work when it is stated that, from funds supplied under the Dominion Agricultural Instruction Act alone, a no smaller sum than \$300,000 has been employed in the last half dozen years in Canada in building, equipping and maintenance of such schools, some idea of the benefits derived from the grants under the Act can be obtained. Official reports show that in 1919-1920 the \$66,965 which is Alberta's share of \$1,100,000 granted annually by the Dominion for division between the provinces, \$28,000 was devoted to the Alberta schools of agriculture. In the same years, \$9,600 was allotted to instruction in women's work, and \$2,500 to the poultry and dairymaking service. In the same year there was allotted \$10,000 to the agricultural representative system. School fairs, based chiefly on school garden work, and school clubs for the rearing of poultry, calves, colts and pigs are conducted under the direction of teachers from the schools of agriculture with the assistance of the agricultural representatives, and are increasing in number and importance every year. In 1919-20, for instance 40 school fairs representing 440 schools and 6,500 pupils, were held, with approximately 25,000 exhibits.

The Pioneer has just received a booklet entitled "What British Elders Say about Canada," which has just been issued by the Canadian Department of Immigration and Colonization. It contains brief comments on Canada made by members of the Imperial Press Association who visited this country last summer. The booklet has been issued mainly for circulation in the Old Country, and readers of this paper may have copies forwarded to their friends in the Old Country who are interested in Canada by sending the name and address to the Director of Publicity, Department of Immigration and Colonization, Ottawa. No charge is made for the booklet or for postage on it.

## NEAPOLIS

Mr. L. Chandler met with a painful mishap last Thursday when a small piece of steel flew into his eye. The doctor had some trouble removing it, but the eye is now getting along fine.

Mrs. E. Nelson has recovered from her recent illness.

Mr. J. L. Chandler and sons have purchased a threshing machine out of fit and are expecting big things for this year. Hope they won't be disappointed.

Wouldn't you like to see the grass bachelors down on their hands and knees scrubbing, washing his pots and pans and raising old Ned generally getting ready for his big party next Friday night? It looks as though he is going to quit bacheling and we wish him the best of luck for his party.

THE WEEK'S NEWS IN TERSE TERMS

## Buried Alive

Charges that William Taylor, an Indian afflicted with small pox, was buried alive on Hat Creek three weeks ago, have been presented to the District Attorney for investigation. The allegation was made by Chief Samson Grant of the Hat Creek Indians. It is stated that two Indians buried Taylor after he had died. After they took the coffin to the grave they heard Taylor kicking about and were afraid to open the box, fearing the wrath of the health officer.

## Farmers Must Export

Professor H. S. Arkell, Dominion livestock commissioner, addressing the agricultural section of the Chamber of Commerce, urged upon the farmers the necessity of defeating their competitors in the export market and deplored the fact that Canada had lost seriously in its export trade since the war. Other countries were now supplying the agricultural products which Canada should be supplying. Commissioner Arkell said: "Canada's prosperity depends upon its ability to increase its export trade in agricultural products."

## Story of Indians Migrating Is Untrue

A dispatch from Syracuse recently which declared that the Six Nations Indians located on a reserve ten miles from Brantford, angered by compulsory enfranchisement, would return to a United States reservation in New York State, where the other body of the Six Nations still resides, "is absolutely ridiculous," declared Gordon Smith, superintendent of the Six Nations Reserve, after reading the dispatch. "In the first place there are not 4,600 Indians on the Six Nations reserve," he suggested that the story came in a roundabout way and that the Indians in Syracuse had received it highly colored after passing through many hands.

## Negro Lynched

Richard James, a negro, charged with the murder of Ben Rogers and Homer Nove at Midway, in the county of Kentucky, on October 8 last, was taken from the Woodford County jail by a mob and hanged from a tree two miles from the city.

## American Gunmen for Sinn Fein

It is reported that a Sinn Fein plot is on foot to import from the United States a large number of young men of Irish nationality to be used as gunmen. The newspapers declare that these gunmen are expected in Ireland shortly "elaborately disguised," but the secret service, says the newspaper, have adopted equally adequate precautions to trace them down. Certain members of the cabinet and other prominent men have been marked by the expected visitors, according to the newspaper.

## Finds Against Insurance Firm

Allegations of the Farmers' Mutual Fire Insurance Company that suspicious circumstances surrounded a fire which destroyed the house and barn of Austin Stanley at Courval on December 10, 1919, and on which they based refusal to pay the loss under their policies, were not supported in the findings of the jury in the Court of King's Bench on Saturday. The fire was caused by the explosion of an oil lamp in the house, and according to the plaintiff and his wife, the only occupants at the time, the fire was carried by whirlwinds to the barn and both buildings and their contents were wholly destroyed. An effort was made to show that the fire had started in the barn first and that Stanley had overestimated the value of the contents of the house and barn in his proofs of loss filed with the company. The jury found that Stanley did not set the place on fire purposely or that he was a party to its being set on fire, or that he had padded his proofs of loss.

## Gasoline Explodes

One hundred persons were driven from their homes and several were badly injured by the violence of an explosion of a tank containing 5,000 gallons of gasoline in Buffalo last Sunday. Directly following the explosion the block and streets surrounding it were changed into a sea of flames. All paralyzed, his plight being reported by another trapper. The round trip will take four or five days as the snow is very deep.

## Wild Ducks Herald Spring

According to Corporal James Bell, S.P.P., Assiniboia detachment, the first avowal of spring this year was a duck. He states that while at Wood Mountain last week he saw ducks and geese returning from the south. Fred Brown, Wood Mountain, a former member of the R.N.W.M.P., states that this is the earliest date at which game birds have returned from Palm Beach in 48 years. The earliest date on which ducks were observed in Saskatchewan last year was March 15, according to Chief Game Guardian Bradshaw. Occasionally, a number of ducks spend their winter in Regina where they can "go in swimming every day in the year" thanks to the exhaust from the power house keeping the water open and at a proper bird bathing temperature.

## Big Salmon Runs Things of Past

The run of sockeye salmon to the Fraser river this year will range itself definitely with the lean years and the former big years of the Fraser must be regarded wholly as a thing of the past, according to the conclusion reached by Dr. C. H. Gilbert, fisheries expert appointed by the government, tabled in the legislature. The catastrophe was caused, says the report, by a blockade of the Yale canyon.

## Divorce Court Opposed

A letter was recently read in the Roman Catholic churches of the Ottawa diocese asking the electors in the different parishes to sign petitions to be submitted to the houses of parliament, protesting against the proposed legislation to introduce divorce courts into Ontario. "Experience shows," the letter stated that the establishment of divorce courts greatly increases the number of divorces."

## Higher Freight Rates on Liquor

Freight rates on liquor in Canada will be increased before long. The board of railway commissioners recently granted permission to the Canadian railway freight association to raise the classification of liquor to double first class in less than car load quantities and to third class in carload lots. The liquor dealers are expected to bear the increased cost. No increase is allowed Ontario wines, however.

## Told to Hold His Tongue

"Hold your tongue; you are making a nuisance of yourself!" These words were spoken by Mr. Justice Martin of the British Columbia Court of Appeal, to Chief Justice MacDonald of the same court, in the course of an argument on the bench. The incident occurred during the hearing of an appeal by Napoleon Gauthier from conviction on a charge of burglary and a sentence of two years in the penitentiary.

## Pershing May Be Made Ambassador

It is the understanding among the members of the new Republican administration that President Harding intends to appoint General John Pershing to be ambassador to France. This decision will adjust what might have been a troublesome problem in connection with the military establishment. General Pershing is regarded as a hero by the French people and his appointment to the diplomatic mission at Paris would be extremely popular in that country.

## Committee on Agriculture to Meet

The standing committee of the House of Commons on agriculture, held its first meeting of the session last week. The chairman and members of the committee are devoting considerable time to further efforts to bring about the standardization of certain necessary parts of farm machinery and while a resolution having this change in view stands on the order paper in the name of A. B. McCaig (West Kent) it is intimated that the committee will probably oppose its passage and bring down a more comprehensive bill later in the session.

## Leave to Rescue Victim

Three men with snowshoes and a toboggan have left Cranbrook for the head of Perry Creek, 35 miles distant, to bring in a trapper whose limbs are paralyzed, his plight being reported by another trapper. The round trip will take four or five days as the snow is very deep.

## Briquette Plant Ready in June

Hon. Dr. Tominie informed Dr. W. D. Cowan, Regina, that the briquette plant at Benfait, Sask., would be completed about June, 1921. According to the latest estimate a total expenditure of \$339,578 was involved in the construction of the plant. Half of this amount is to be paid by the Federal government and the other half in equal parts by the provinces of Manitoba and Saskatchewan.

## More Employment at Crow's Nest Pass

It is said that conditions are rapidly improving in the southern districts of the province. In the mining towns of Crow's Nest Pass the mines are all working to capacity and labor troubles are nil.

## Thousands of Children Killed

Each year in the United States twenty thousand children under fourteen years of age are killed by accident, according to figures just made public by the American Red Cross. The heaviest toll of child life is exacted by burns, falls, automobile and other vehicular accidents, drowning and poisoning. Forty per cent of the children who die before reaching their fifth birthday are killed accidentally, while almost twenty per cent of the deaths claiming those between five and fourteen result from accident, and competition shows. After fourteen, accidents cause proportionately few deaths.

## Blamed For Wreck

The only man on the Princess Beatrice when she stranded on February 10, who was blamed by the Wreck Commission sitting in Vancouver, was First Mate F. R. Springhall. His certificate was suspended for three months. Evidence indicated that he was off the course. The Beatrice struck a bluff and her passengers were rescued by the Princess Patricia. Repairs now under way will cost \$30,000.

## Revolt in Russia

Three brigades of Bolshevik soldiers in Moscow have deserted and joined the revolutionary forces, it is reported. The action of the soldiers was prompted by the very acute food situation at the Soviet capital.

## Trade Agreement with Russia Not Likely

The conclusion of an Anglo-Russian trade agreement has been rendered unlikely, through a proposal by Leonid Krassin, the Bolshevik Commissioner to most numerous political classes, which would virtually constitute recognition of the Soviet Government, it is learned from an authoritative source. It develops that Krassin returned from Russia with amendments which would change the entire complexion of the treaty. These amendments are considered impossible of acceptance or even of serious consideration, and a breaking off in negotiations will follow if the Russians are persistently urged by the Soviet representative.

## Business Depression Passed Peak

Henry Ford, the automobile manufacturer, declared recently that the worst of the business depression is over. He states that business was improving steadily in Detroit and that the same improvement should result in other parts of the continent soon. "After the readjustment," he stated, "different conditions will prevail. There will be more economy everywhere, but the automobile business will continue to grow."

## Send a Dominion Express Money Order. Five Dollars costs three cents.

Need of Navy

The dependence of Canadian freedom, established British institutions and industrial prosperity upon adequate naval defense, was emphasized in the speeches delivered last week at a banquet given in honor of the officers and men of the Canadian naval command. Former Mayor Charles F. Gray, of Winnipeg, was a speaker.

## Fights Fire for Four Days

The Bank line freighter, Haleric, brought a \$1,500,000 cargo of tea to Boston from India last week after a fight with fire and fog, losing a day and nights through the Red Sea and the Mediterranean. The flames destroyed 700 bales of the cargo, but the crew was able to prevent damage to the ship.

## New Record For Wireless Message

The world's long distance wireless record has been broken by the United States navy it was reported at San Francisco, by a series of messages within the duration of the minutes from Caviti, Philippines, to Washington, D. C., a distance of approximately 10,000 miles.

## To Hang For Inciting Son to Murder

Incited by his father to shoot another man, Romeo Remillard escaped with a prison term for manslaughter, while his father must expiate his crime on the gallows. A date for the hanging has not been named. The case, which involved a most unusual point of law, was argued before the Supreme Court of Canada, February 24 and 25, and judgment, confirming the verdict from the Quebec Courts was handed down some days ago.

## Leaves Fortune to Homeless

The body of Nels Peterson, a prospector with a wound over the heart and a discharged revolver lying near it, was found in a room at 306 Jackson Avenue, Vancouver, recently. The man left a note declaring fear of insanity and stating a wish that he use for the relief of homeless and hungry children in the city.

## Fire Destroys Hotel

The Orleans Hotel was recently burned to ashes and the total loss will approximate almost \$15,000. There was some insurance carried by the proprietor. The cause of the fire is unknown but it is suspected that a cigar or cigarette stub was thrown carelessly on a mattress in one of the rooms of the top story.

## Pay High Fees for Lucky Number.

The telephone number eight in Japan, commands a higher price from subscribers than any other. The number written in its Japanese character means success and prosperity and costs the subscriber who holds it nearly \$500.00 a year.

Numbers 42 and 49 are particularly unlucky in the eyes of the Japs. The former is pronounced "shini" which means death; the latter "shiku" which means distress and suffering. These numbers are carefully avoided by subscribers and are generally allotted to police stations, asylums and similar institutions.

## Workers in Petrograd Revolting

The workmen in Petrograd it is said are revolting against enforced mobilization and have attacked the Soviet troops, says a Helsinki dispatch to the London Times. The Soviets after street fighting took possession of the "truce" part of the city. The Bolshevik leader Konevsky is completely victorious the dispatch adds, the artillery having silenced the minor forts and is preparing to march upon Petrograd. He has issued a proclamation that he is anxious to save the population from the oppression of a tyrannous clique.

## Death of Novelist

Florence D. Barclay, the novelist and author of "The Rosary," died last week at Linsfield Court, Surrey, England, after an operation.

## An Act of Bravery

Powell Wright, Breckenridge, Tex., last week caught a 20 pound nitroglycerine torpedo as it was blown from the baying by an unexpected flow of gas, until 50 persons and two hundred quarts of the explosive on a wagon reached safety. He then dropped it back in to the hole with the recording gas and escaped. The derrick was wrecked by the impact and the well caught fire when the torpedo was lifted to the crown block by a recurrence of gas.

## Suggest Apple Warehouses

It has been formally advocated by W. T. R. Preston, of Port Hope, that the Ontario Government establish in England warehouses for storage, sorting and sale of exported Ontario apples. Losses of millions of dollars are sustained annually by Ontario because of operations of a price fixing ring in Britain, charged Mr. Preston. British consumers paid annually \$25,000,000 for Canadian apples, the cost of which each Liverpool was not more than \$6,000,000.

## Canadian Ships Passed San Diego

The cruiser Aurora and the torpedo boat destroyers Patriot and Patrician, gifts from the mother country to the Dominion of Canada, sailed from San Diego last week for Esquimaux, B.C. During the 48 hours the three warships were there, officers and men were kept busy with a round of entertainment, provided by San Diegans and officers and men of the American Pacific fleet.

## Charged With Killing Wife

Ezekiel Berry, aged 47, farmer of Forest Hill, Alberta County, N.B., was brought to Moncton, recently by a provincial constable on a charge of killing his wife, Minnie Berry, aged 46, December 12 last. At the time of Mrs. Berry's death it was alleged she met her death by falling into a well.

## Protest Projected Sale

The majority of Jamaicans are not in favor of the suggested sale of the island to the United States. As a counter blast a resolution has been introduced in the Legislature urging a confederation of the entire group of the British West Indies with a uniform tariff.

## Asked To Put Off Strike

Mayor Adams of Calgary, has just asked the Teachers' Alliance to postpone the teachers' strike for one week, owing to the absence from the city of two of the school trustees. The Alliance leaders gave out a statement declaring their readiness to negotiate. The ministerial association took up the situation and urged a conference to consider the teachers' schedule clause by clause. It is thought likely that the teachers would accede to this request.

## Fast Time in Toronto

From Saturday, May 1, to Saturday, October 1, is to be the summed daylight saving period in Toronto, according to the motion which Alderman F. M. Johnson introduced in the City Council recently. The motion merely calls on the Mayor to issue a proclamation calling on the citizens to observe daylight saving as the city has no power to enforce it legally.

## 25,000 Veterans Unemployed in New York

More than 25,000 war veterans are members of New York's army of unemployed, it was announced recently by an official of the Service Club, a rehabilitation organization. Fifteen thousand of the number are homeless, daylight saving as the city has no power to enforce it legally.

## Good Financial Year in Alberta

Alberta closed the year of 1920 with an actual surplus of \$496,420.07, an ordinary income account, according to Hon. C. R. Mitchell, provincial treasurer, who tabled the public accounts in the Legislature recently.

Total revenue in 1920 reached \$10,919,351. The surplus in 1919 was \$316,970.78. The minister complemented the department of municipal affairs which made a pronounced success in tax collections during the year, especially in regard to arrears, the total sum turned over to the treasury amounting to \$2,508,467.83. The provincial telephone department owns a net profit of \$100,000. Expenditure is given as \$8,544,037.76 on income account and \$6,814,018.35 on capital account, a total of \$15,358,056.11.

## Object to Moderation Party

A dozen resolutions from different parts of the province of Alberta have been sent to the members for the respective constituencies and in some cases direct to the government, protesting against the suggested changes in the Alberta liquor law as asked for by the Moderate League. The thirteen towns and ridings which have forwarded protests for legislative consideration are Vegreville, Tofield, Vermilion, Red Deer, Edgerton, Blairmore, Warner, Cardston, Claresholm, Granum, Medicine Hat, Magrath and Victoria.

## Big Handicap to Grasshoppers

The absence of the usual mantle of snow from the ground this winter may result in the grasshoppers hatched next spring appearing in fewer numbers, states a well-known entomologist. The winter has been unusual and it is hard to say what effect it may have had on the eggs of the grasshoppers in the ground. The absence of a covering of snow and the alternate opening up and freezing of the ground may have worked to their disadvantage. There is nothing definite in the possession of entomologists to date, which would warrant any letting up in the vigilance exercised last year.

## Ends Life at Cradle of Baby

Kneeling beside the crib of her six months' old baby, Mrs. Luois Quaye, 23 years of age, wife of a prominent farmer of the Brainerd, Sask., district, recently committed suicide by shooting herself in the heart with a shotgun. Mrs. Quaye took her life in a despondent fit. After dressing herself in her best clothes, she knelt on the floor, placed the gun across the bed and pushed the trigger back with a stove poker. Her breath was stammered and she died instantly.

## Extra Year

Austin Farnsworth, who recently escaped from Regina jail and was recaptured was sentenced to an extra six months in jail by Provincial Police Magistrate McEachen for jail breaking. He was then arraigned before Magistrate Heffernan in the city police court on a charge of housebreaking, and was sentenced to serve another six months for this offence.

**The Best Brains in Newspaperdom**  
**Write and Draw for You in**  
**The Calgary Daily Herald**

**Y**OUR daily newspaper is the one medium which can give you at one time so much of the world's wit and wisdom. The following famous writers and artists by special arrangement contribute to the columns of The Calgary Daily Herald.

**THORNTON W. BURGESS** writes little stories for bedtime. A children's feature.

**M. JESSIE LEITCH** writes on Health and Home Nursing.

Also reductions in all beef and pork cuts of from 1c to 3c lb

**N. A. COOK, BUTCHER**

## AROUND THE TOWN

Mr. Harold Reiber was home from Three Hills over the holidays.

Miss Hilka Morrison spent the week end with her parents.

Mr. Arnold Liesemer is home over the Easter holidays.

Mr. Everard Clarke is home from Calgary for a week.

Mrs. N. Cook visited with friends in Acme over the Easter holidays.

Several of the Didsbury teaching staff spent their Easter holidays in Calgary.

Mrs. J. R. Good and daughter Marjorie, of Calgary, spent Easter with relatives in town.

Mrs. Skelton and her two sons, who have been visiting with her mother Mrs. Peterson, left on Tuesday.

Mr. C. Heibert of Calgary stopped off between trains on Good Friday to look up old friends.

Mr. J. Wells-Johnson, of Olds, has taken over the position formerly occupied by Mr. Brown in the Western Mutual.

Mr. Geo. Wrigglesworth who went to Spokane last Thursday, returned after his holidays there, on Monday morning.

Miss Eva Semmich is the sole representative of the Didsbury teachers attending the Teachers' Convention in Edmonton.

Mr. G. McBurney of London, Ont., was a visitor with Mr. and Mrs. C. Youngs over the holidays on his way home from a visit to California.

Mr. J. L. Brown who has been with the Western Mutual Fire Insurance Company for some time past is now Superintendent of Alberta Agencies for the Springfield Fire and Marine Insurance Company.

Mr. Bill Farrington has very kindly given the use of his hall for the Memorial Club Whist drive on Friday evening. So follow Bill's example and help support the Memorial Club by buying a ticket.

Mr. M. Weber, proprietor of the Better Way Poultry Yards in town was highly pleased recently when Mr. T. Clyde of the Poultry Culture and Egg Service of the Dominion Department of Agriculture, who was here a short time ago, tested his fine stock of Ringlet, Barred Rocks and out of 30 could only find 8 culms. Mr. Clyde complimented him on his splendid lot of poultry and stated that they were the best he had seen in Alberta.

### HIGHLAND

Perry forgot his alarm clock and left him in Ekikton but he says the prairie chickens light on his house and make a noise like the clock.

Well it sounds funny but two fellows were trying to convince the rest of the gang in Highland that the wind did not blow on Friday morning last, but in the afternoon, but when a man gets up at noon can you blame him for being crosswise.

Mose Olsen had a real good hand last week called a full house, when Joe Parwell, Egil Erickson, Miss Blain and Mr. and Mrs. H. McKnight spent a pleasant evening there. Mose says he does not like batching now. We are wondering why.

Joe says he may leave the country next year, for first one fellow throws a tree at him and another the axe, but get even Joe, pack a gun.

There has been lots of shooting around here lately, but only long faces have been brought home, perhaps the sights have been moved.

Who says Highland isn't? Come to some of our dances and see for yourself.

**BORN:**—At the Didsbury General Hospital on March 14th, to Mr. and Mrs. D. Sinclair, a daughter.

**BORN:**—At the Didsbury General Hospital on Mar. 26th, to Mr. and Mrs. L. W. Steffer, Cremona, a son.
